NNEC Software Home Use

Employees of Northern Nishnawbe Education Council (NNEC) are permitted to load and use some licensed software. Not all NNEC licensed software is available for home use - check with the Technical Services Department (TSD) for software availability. As an employee using this privilege you will agree to the following:

1. I will only load software on one computer at home. If I give, extend, loan, or otherwise transfer ownership of my home computer I will first remove any NNEC licensed software from that machine.
2. The one computer will reside in my residence.
3. If my employment with NNEC ceases I will immediately remove any NNEC licensed software from my computer.
4. I will not loan, or allow someone else to use the CDs when they are in my possession.
5. I will make every reasonable effort to return the CDs as soon as possible.
6. I will make every reasonable effort to maintain, and keep the CD's in a clean environment.
7. The use of software is done on my own, with no expressed or implied warranty by NNEC. Technical Services Department Technicians will not help lead, train, or troubleshoot software on my home computer.
8. I have seen, read, and agree to the above.
9. Violation of the above could result in disciplinary action.
10. Violation of the above could also result in criminal charges being laid for theft of software.
